The above-identified application became abandoned for failure to file a timely and proper reply to a notice of action by the United States Patent and Trademark Office. The date of abandonment is the day after the expiration date of the period set of reply in Office notice or action plus any extension of time actually obtained.

Application hereby petitions for revival of this application. The petition includes the petition fee (under 37 CFR 1.17(1)), reply and/or issue fee, terminal disclaimer with disclaimer fee-required for all utility and plant applications filed before June 8, 1995 and for all design applications; and an adequate showing of

1 the cause of unavoidable delay. In the present case, the petition fee and reply is
2 enclosed herewith. A terminal disclaimer with disclaimer fee is not needed since
3 this utility application was filed on or after June 8, 1995.

4 The reason for the delay in filing a proper reply is that the applicant did not
5 receive a timely copy of the Office Action. Attached to this petition and made a
6 part thereof is a mail log for the month in question, which shows that an Office
7 Action for Attorney Docket Number "MS1-486US" was not received. A search of
8 the filed jacket was also made. The Applicant was not made aware of this
9 abandonment until after the case had gone abandoned and to date the Applicant
10 has not received a notice of abandonment. A response to the Office Action was
11 prepared after obtaining the Office Action from PAIR, which is being filed
12 herewith. Accordingly, the entire delay in filing the response is and was
13 unavoidable.
